

Reviewed: **January 2, 2019**

This letter confirms there is no gluten contained in any of Michigan Sugar Company's sugar products including granulated, brown, powdered and liquid sugars. There are no gluten containing materials or derivatives of gluten containing grains handled at any of our facilities and therefore there is no potential for cross contamination.

All of Michigan Sugar Company's sugar products are acceptable for "Gluten-Free" labeling in accordance with the Food & Drug Administration rule 21CFR101.91.
